

# Coopers Gap

WIND FARM

## Welcome to the January edition of the Coopers Gap Wind Farm Newsletter!

The Coopers Gap Wind Farm is helping reduce Australia's carbon footprint by generating enough clean energy to power up to 232,000 Queensland homes annually.

Since January 2025, the wind farm has generated over 1,290GWh of clean energy, the equivalent to removing over 390,000 cars off the road and offsetting over 900,000 tonnes of CO<sub>2</sub>.

### What's happening on site?

On site at Coopers Gap Wind Farm, regular monitoring continues to ensure turbines are operating efficiently.

Acoustic monitoring was completed earlier in 2025 in accordance with the Noise Compliance Test Plan. In August 2025, we received the Noise Monitoring Report, demonstrating that the Wind Farm is compliant with all relevant noise criteria. The report is available on the [Coopers Gap Wind Farm project page](#) on our website.

If you don't have email but would still like to receive the newsletter, please call us on 1800 938 458.

### Benefit Sharing

This year, the Coopers Gap Wind Farm Community Enhancement Fund was fully allocated, supporting a variety of fantastic local projects.

In total, \$122,719 was invested in community initiatives across Bell, Bunya Mountains, Jandowae, Kumbia and Cooranga North. Ten projects were funded via the Community Enhancement Fund and an additional two projects were funded directly with top up funding ([see table on page two for full list](#)).

Tilt Renewables also sponsored a number of great community events including:

- Bell Show Campdraft
- Bell Bunya Trail Ride
- Ironpot Hall Christmas Party

We also collaborated with Bell Progress and Heritage Association and Wambo Wind Farm for a refurbished tourism sign at Ensor Park in Bell ([see left](#)).

## Community Enhancement Fund - Successful Applicants

Thank you to our Community Enhancement Fund Committee for the work they put into assessing the applications received for the community fund.

Applicant	Bell Presbyterian Church	Bunya Mountains Community Assoc Inc	Cooranga North Memorial Hall	Immaculate Conception Parish Jandowae	Cooranga North Recreation Reserve Inc.	Bell State School Bell State School	Kumbia Race Club Inc	Kumbia & District Memorial School of Arts Inc.	Bell State School P&C Association	Bell Art Group Inc.
Project	Painting Cooranga North Presbyterian Church	Bunya Mountains Christmas Carol's Evening	Chairs and Curtains	New Zero Turn Lawn Mower	Canteen Roof Extension	Bell State School Solar Pool Heating System	Boundary Fencing Upgrade	Kumbia Connections Restore, Renew & Revive	Furniture for an Outdoor Learning Space	Bell Art Exhibition 2026

## End of year event

Following the Coopers Gap Wind Farm Community Consultative Committee meeting in November 2025, the community gathered for our annual Cooranga North Christmas Party!

A huge thank you to all who contributed to making this event a success; from the delicious dinner, to the bar, to the hall decorations, and the kids' gifts. Santa Claus even made a special appearance, arriving on the back of the RFSQ van to deliver gifts (see below and right)! Tilt Renewables were proud to sponsor the event and celebrate a wonderful year with everyone.

## Tilting towards the future.

*We are invested in making that happen - for our investors, communities and everyone who works with us.*

*Like our values say: we are people powered; we get things done; and, above all, we lead. Join us as we drive the transition to renewables.*
