10-Jun-2015

LICENCE ANNIVERSARY NOTICE

I refer to Environment Protection Licence No. 20434, issued to BOCO ROCK WIND FARM PTY LTD by the Environment Protection Authority (EPA), under the *Protection of the Environment Operations Act 1997*.

This letter is to remind you of the annual licensing obligations, in particular the requirement to submit an Annual Return and annual licence fees.

Please find attached a customised Annual Return form that covers the period 10-Jun-2014 to 09-Jun-2015. The Annual Return is a declaration where you advise the EPA whether you complied or did not comply with the requirements of your licence. Where monitoring is required by your licence, you must enter a summary of the results in the Annual Return, using the table(s) provided. Please refer to <http://www.epa.nsw.gov.au/licensing> for guidance on completing annual returns.

All licensees must also provide specific information on the following:

Pollution Incident Response Management Plan (PIRMP)

In accordance with section 153A of the Protection of the Environment Operations Act 1997, all licensees are required to prepare and maintain a Pollution Incident Response Management Plan. In your Annual Return you must certify whether you have complied with the requirements to prepare and maintain a PIRMP.

For more information about the PIRMP requirements refer to the EPA's website at <http://www.epa.nsw.gov.au/legislation/20120227egpreppirmp.htm>.

Publication of Pollution Monitoring Data

In accordance with section 66(6) of the Protection of the Environment Operations Act 1997, all licensees who maintain a website are required to make any pollution monitoring data collected in compliance with monitoring conditions attached to their licence publicly available on the that website. If you operate a website you must clearly indicate the address of the website where the monitoring data can be accessed. In your Annual Return you must certify whether you have complied with these requirements.

For more information about the EPA's requirements for publishing pollution monitoring data, refer to EPA's website at
<http://www.epa.nsw.gov.au/legislation/20120263reqpubpmdata.htm>.

The completed Annual Return must be supplied to the EPA on or before 08-Aug-2015

An Annual Licence Tax Invoice/Statement indicating the licence administrative fee is attached, please note that this fee must be paid to the EPA by 09-Aug-2015. The licence administrative fee is based on the highest applicable administrative fee relevant to your Activity Type(s) minus any relevant credits that may be in your account. If your activity type or scale has changed you must apply for a variation of your licence using the form located at
<http://www.epa.nsw.gov.au/licensing/licenceforms.htm>.

If the activities authorised by the licence are subject to Load-Based Licensing (LBL), payment of a load-based fee may also be required. Section A in the Annual Return will indicate whether the licensed activities have assessable pollutants. If this is the case, LBL applies to the licence. The load-based fees are calculated using the worksheets found in section D of the Annual Return. We do not need to see the load calculation workings, only the final load figures. However, you are required to keep records of the load calculations for auditing by the EPA.

If your licence is subject to load-based licence fees, there is an LBL Load Calculation Protocol that sets out the methods that may be used to calculate your emissions of assessable pollutants. The LBL Load Calculation Protocol is located at
<http://www.epa.nsw.gov.au/licensing/lblprotocol/index.htm>.

It is important to note that the load based fee must not be paid at this time. A separate invoice for the load based fee will be issued once the EPA receives the Annual Return and load data. This load based fee must be submitted to the EPA **90 days after 09-Jun-2015**.

You are reminded that it is a condition of Licence No. 20434 that the Annual Return is submitted by the due date. It is an offence to:

- fail to complete the Annual Return;
- fail to return the Annual Return by the due date;
- provide false or misleading information in the Annual Return; or
- fail to provide monitoring data if required by a condition of your licence.

Failure to return your Annual Return to the EPA on or before 08-Aug-2015 may result in the issue of a Penalty Notice with a penalty payable of \$1500 (individual) or \$3000 (corporation), or prosecution.

If the licence administrative fee is not paid to the EPA on or before 09-Aug-2015, a penalty will be imposed in accordance with section 57 (4) of the *Protection of the Environment Operations Act 1997*. The penalty is 5% of the outstanding amount and will continue to accrue at the rate of 5% simple interest every two weeks until the outstanding amount and penalty is paid in full. In accordance with section 79 of the *Protection of the Environment Operations Act 1997* the EPA may suspend or revoke the licence if the outstanding licence fee is not paid in full by the due date.

The Annual Return must be sent to the following address:

Regulatory and Compliance Support Unit
Environment Protection Authority
PO Box A290
SYDNEY SOUTH NSW 1232

We are committed to assisting the licensed community to meet its obligations under the *Protection of the Environment Operations Act 1997*. If you have any questions relating to payment and calculation of fees or the submission of the Annual Return, please contact the EPA on 02 9995 5700.

Yours sincerely

LICENCE ANNIVERSARY NOTICE

I refer to Environment Protection Licence No. 20434, issued to BOCO ROCK WIND FARM PTY LTD by the Environment Protection Authority (EPA), under the *Protection of the Environment Operations Act 1997* (the POEO Act).

This letter is to remind you of the annual licensing obligations, in particular the requirement to submit an Annual Return and annual licence fees.

Please find attached a customised Annual Return form that covers the period 10-Jun-2015 to 09-Jun-2016. The Annual Return includes:

- a Statement of Compliance in which you certify whether you complied or did not comply with the conditions of your environment protection licence (EPL);
- a Statement of Compliance in which you must also certify whether you complied with s153A of the POEO Act that relates to the preparation and testing of a Pollution Incident Response Management Plan (PIRMP). For more information about PIRMP requirements refer to the EPA's website at <http://www.epa.nsw.gov.au/legislation/20120227egpreppirmp.htm>;
- a Statement of Compliance in which you must certify whether you complied with s66(6) of the POEO Act that relates to the publication of pollution monitoring data. For more information about the EPA's requirements for publishing pollution monitoring data refer to the EPA's website at <http://www.epa.nsw.gov.au/legislation/20120263regpubpmdata.htm>; and
- a summary of the results of monitoring, if the conditions of your EPL require you to undertake monitoring, using the table(s) provided; and
- pollutant load data if your licence is subject to load-based licensing. Pollutant load data, must be calculated using the Load Calculation Protocol that sets out the methods that may be used to calculate the emissions of assessable pollutants. The LBL Load Calculation Protocol is located at <http://www.epa.nsw.gov.au/licensing/lblprotocol/index.htm>. The EPA does not need to see the load calculation workings, only the final load figures. However, you are required to keep records of the load calculations for auditing by the EPA. For more information about load based licensing refer to EPA's website at <http://www.epa.nsw.gov.au/licensing/lbl/lblicences.htm>.

You must also provide specific information on the following:

Environmental Management Systems and Practices and Environmental Improvement Works

The EPA's risk-based licensing system commenced on 1 July 2015. Risk based licensing involves the assessment of the site specific risks posed by each licensed premises and includes an assessment of the environmental management performance of the licensee at that premises. The assessment of a licensee's environmental performance will result in the determination of an environmental management category for each licence.

When determining the environmental management category for the licence, recognition is given to environmental management systems and practices in place at the licensed premises, and for any environmental improvement works completed by the licensee. In your Annual Return you must complete the questions in relation to environmental management systems and practices and environmental improvement works to receive recognition for these.

For information in relation to the calculation of the environmental management category and environmental management systems and practices refer to the Environmental Management Calculation Protocol on the EPA's website at: <http://www.epa.nsw.gov.au/licensing/EMCP.htm>. For information related to environmental improvement works refer to <http://www.epa.nsw.gov.au/resources/licensing/150774-risk-based-licensing-ems.pdf>.

Licence Fees

An Annual Licence Tax Invoice/Statement indicating the licence administrative fee is attached, please note that this fee must be submitted to the EPA by 09-Aug-2016. The licence administrative fee is based on the highest applicable administrative fee relevant to your activity type(s) minus any relevant credits that may be in your account. If your activity type or scale has changed you must apply for a variation of your licence using the form located at <http://www.epa.nsw.gov.au/licensing/licenceforms.htm>.

If the activities authorised by the licence are subject to Load-Based Licensing (LBL), payment of a load-based fee may also be required. The EPA will calculate the load based licence fee using the data provided in the Annual Return. If the payment of a load based fee is required, the EPA will issue a Tax/Invoice Statement for the calculated fee. This load-based fee must be submitted to the EPA 90 days after 09-Jun-2016.

The completed Annual Return must be supplied to the EPA on or before 08-Aug-2016

You are reminded that it is a condition of Licence No. 20434 that the Annual Return for the reporting period must be supplied to the EPA by registered post within 60 days of the end of each reporting period. It is an offence to:

- fail to complete the Annual Return;
- fail to return the Annual Return by the due date;
- provide false or misleading information in the Annual Return; or
- fail to provide monitoring data with the Annual Return if monitoring is required to be undertaken by conditions of your licence.

Failure to return your Annual Return to the EPA by 08-Aug-2016 may result in the issue of a Penalty Notice with a penalty payable of \$1500 (individual) or \$3000 (corporation), or prosecution.

If the licence administrative fee is not paid by 09-Aug-2016, a penalty will be imposed in accordance with section 57 (4) of the POEO Act. The penalty is 5% of the outstanding amount and will continue to accrue at the rate of 5% simple interest every two weeks until the outstanding amount and penalty is paid in full. In accordance with section s79 of the POEO Act, the EPA may suspend or revoke the licence if the outstanding licence fee is not paid in full by the due date.

The Annual Return must be sent to the following address:

Regulatory and Compliance Support Unit
Environment Protection Authority
PO Box A290
SYDNEY SOUTH NSW 1232

We are committed to assisting the licensed community to meet its obligations under the POEO Act. Please refer to <http://www.epa.nsw.gov.au/licensing> for guidance on completing annual returns. If you have any questions relating to payment and calculation of fee or the submission of the Annual Return, please contact the EPA on 02 9995 5700.

Commencement of risk-based licensing on 1 July 2015

Under risk-based licensing each licence will be assessed and allocated an environmental risk level and an environmental management category annually. You will be notified in writing of the environmental risk level and environmental management category for your licence after the submission of your Annual Return. Further information regarding the EPA's risk-based licensing system and the EPA's risk assessment tool can be found on the EPA's website at: <http://www.epa.nsw.gov.au/licensing/licencereg.htm>. We encourage you to use the risk assessment tool along with the supporting guidance material and the other resources available to help you gain an understanding of the risk based licensing system.

It should also be noted that there is currently no change to licence administrative fees as a result of the commencement of risk-based licensing. However from 1 July 2016, licence administrative fees will take into consideration a licensee's environmental management category. More information on these changes can be found at <http://www.epa.nsw.gov.au/licensing/EMCP.htm>.

For information on risk-based licensing please refer to the EPA's website at: <http://www.epa.nsw.gov.au/licensing/licencereg.htm>.

---	-----

D. Statement of Compliance - Load Based Fee Calculation

If you are not required to monitor assessable pollutants by your licence, **no data** will appear below.

If assessable pollutants have been identified on your licence, the following worksheets for each assessable pollutant will determine your load based fee for the licence fee period to which this Annual Return relates.

Loads of assessable pollutants must be calculated using any of the methods provided in EPA's Load Calculation Protocol for the relevant activity. A Load Calculation Protocol would have been already sent to you with your licence. If you require additional copies, you can download the Protocol from the EPA's website or you can contact us on telephone 02 9995 5700.

You are required to keep all records used to calculate licence fees for four years after the licence fee was paid or became payable, whichever is the later date.
